PREMIUM GIN. BUILT FOR BAR PROGRAMS.

London Dry profile. Flavoured expressions for signature serves. Bombay-tier quality, well below Bombay-tier wholesale.

A gin line designed for venues that take their cocktail program seriously: a clean classic London Dry to anchor the well, plus flavoured expressions that give head bartenders a signature menu to build around — without locking you into the price ceiling of the global majors.

WHY IT WORKS FOR YOUR PROGRAM

Built for cocktails, not the bottle wall

Botanical ratios are tuned for mixing. The flavoured SKUs hold their character through dilution and ice, where most "flavoured gins" disappear after the first stir.

Four expressions, one SKU family

Single supplier covers your well plus your signature menu. Less back-bar clutter, fewer POs, cleaner training for bar staff.

Margin that respects the bar

Wholesale ~25–35% below the Bombay Sapphire benchmark at comparable quality. Run a premium pour price without giving up GP%.

Signature-cocktail leverage

Each flavoured expression is a ready-made signature serve — basil gimlet, hibiscus negroni, cucumber Tom Collins — without in-house infusion work.
